

Timber Ridge School offers Enhanced Residential Services

Students in need of a highly structured, intensive focused treatment approach are appropriate for the treatment program, Enhanced Residential Services. The Enhanced Residential Services utilizes evidenced based curriculums and develops treatment plans which are individualized and meets the standards required for *Virginia* Medicaid reimbursement of services. The Enhanced Residential Services program qualifies as a Level C Psychiatric Residential Treatment Facility (PRTF) as a placement resource for Independent Assessment, Certification, and Coordination Team (IACCT) referrals. Timber Ridge School's residential services are nationally accredited by the Council on Accreditation (COA).

Admission Criteria

- ◇ Exclusively male applicants ages 10-18
- ◇ Adolescent has a DSM-5 primary psychiatric disorder and meets the Magellan criteria for medical necessity
- ◇ Adolescent has documented behaviors confirming impaired ability to maintain/sustain adequate functioning in major life areas to include home, school, community
- ◇ Adolescent has disabling symptoms documented to be unmanageable in a less intensive treatment program
- ◇ Adolescent is medically stable, absent of substance use requiring detoxification, and without current psychotic features
- ◇ Adolescent is absent of active suicidal/homicidal ideation
